

Seven Year Limited Warranty

MR5E Lexan* Margard* sheet will not break due to loss of impact strength through weathering within seven (7) years of the date of sale, and will not display excessive yellowing and loss of light transmission or incur coating failure (all as defined herein), through weathering within seven (7) years of the date of sale by SABIC Innovative Plastics.

This limited written warranty is subject to the following conditions:

- 1) The limited written warranty applies solely to standard sheets produced by SABIC Innovative Plastics in Europe in standard clear (112) and bronze (5109) grades, used correctly as flat glazing, handled, stored, processed, installed and maintained according to SABIC Innovative Plastics' recommendations contained in the Technical Manual.
- 2) This limited written warranty does not apply to sheets that have been thermoformed, scratched, abraded or exposed to corrosive materials or chemicals.
- 3) This limited written warranty is given only to the original purchaser of SABIC Innovative Plastics sheet and does not extend to any subsequent purchaser or transferee. Any warranty claim hereunder must be made immediately within the warranty period by specifying the claim in writing and submitting to SABIC Innovative Plastics the original sales receipt which must contain the name and address of the purchaser, the date of purchase, the complete product name, the lot number and the volume purchased. On request of SABIC Innovative Plastics, claimant must allow the material to be inspected on site and/or return the sheet to SABIC Innovative Plastics for testing.
- 4) For the purpose of this limited written warranty:
 - Loss of impact strength through weathering will be determined by subjecting an undamaged sample of the sheet to the German standard test for impact resistance (DIN 52290, Part 4, level A1). Acceptance of a claim under this limited written warranty requires that the test causes the sheet to break.
 - Yellowing will be determined by subjecting a cleaned sheet sample to the Yellowness Index test in accordance with ASTM D1925 (1977). Any claims for sheets displaying a change in Yellowness Index of 10 or less when compared to their original value, will not be accepted.
 - Coating de-lamination will be determined by subjecting a sample to the DIN53151 test. Any claims for sheets showing adhesion level <GT1 will not be accepted.
- 5) Loss of light transmission will be determined by subjecting a cleaned sheet sample to Light Transmission Test ASTM D 1003 (1977). Any claims for sheets displaying a loss of light transmission of 7% or less, compared to their original value, will not be accepted.
SABIC Innovative Plastics reserves the right to investigate independently the cause of any failure.
- 5) If a claim under this limited written warranty is justified, SABIC Innovative Plastics will provide the purchaser with replacement material free of charge in accordance with the following schedule:

Time from Orig . Purchase Date	Material Replacement
Up to 2 years	100%
in 3 rd year	75%
in 4th year	60%
in 5th year	45%
in 6th year	30%
in 7th year	10%

If replacement material cannot be provided within a reasonable period of time, SABIC Innovative Plastics may opt to refund the original purchase price paid to SABIC Innovative Plastics, or a portion thereof, in accordance with the above schedule.
For the avoidance of doubt, claims for excessive yellowing, or loss of light transmission or coating failure through weathering after 7 (seven) years of date of sale by SABIC Innovative Plastics, will not be accepted.
- 6) This limited written warranty shall be SABIC Innovative Plastics' sole liability and customer's exclusive remedy for the products and all other claims for damages are excluded. This limited written warranty is in lieu of all other warranties (except of title), written or oral, statutory, express or implied, including any limited written warranty of merchantability or fitness of purpose. This limited written warranty shall be governed by the laws of the Netherlands.
- 7) This limited written warranty has been issued on December 1st 2005, is restricted to material sold by SABIC Innovative Plastics after such date and supersedes all previously issued warranties for the products mentioned above.
